Embrace Collaboration: Higher education institutions and the private sector must come together to foster a culture of collaboration and partnership in order to drive innovation and entrepreneurship in Africa.

Invest in Infrastructure: Prioritize investing in state-of-the-art facilities and resources that support innovation and provide a conducive environment for startups to thrive within African universities.

Support Incubation Programs: Actively support and contribute to the establishment of incubation programs within African universities, providing startups with mentorship, access to funding, and necessary resources to accelerate their growth.

Create Industry Partnerships: Work towards creating a supportive ecosystem that nurtures startups, offering networking opportunities, access to experts, and a platform for sharing knowledge and best practices.

Promote Access to Funding: Explore and promote various funding mechanisms, including venture capital, grants, and seed funding, to ensure that promising startups have the financial resources they need to grow and scale their businesses.
